Here's What Our
 Customers Are
 Saying

**Customer
 Comments**

Here's what our customers think of this product: ☆☆☆☆

this electric smoker i would not recommend to anyone because of the condition it arrived in. it does work but i don't think it should leak and the piping on the window is coming off this does not effect how it works but it is a mess when you are using it i should have sent it back when it first arrived but my husband was to excited to use it....

The seals on both doors are poorly installed

Smoker tray was broken. Had to weld back together myself.

JAMES, HOWELL, MI

☆☆☆☆

Smoker worked great, electric smoker was simple to setup and run vs charcoal If the handle and wheels were of better quality I would have gave 5, over all I would recomend this smoker

JOSEPH J, MOUNT HOLLY, NJ

12-14-2013

☆☆☆☆

Smoker arrived quickly and was what I wanted. It was missing a couple of screw and the handle doesn't fit. But after a couple of calls to the manufacturer I THINK the parts are on the way. We'll see. I have a pork shoulder and a large beef roast in the smoker now as I type this. Smells and looks great!

BUCK, WOODLAND PARK, CO
